Hi Mike,

Just wanted to let you know that Secretary Small approved our Start Action Notice request (attached) to adopt Subpart XXX as Section 30 in Regulation 1120 on Feb. 20.

Our next milepost is submittal of the proposed submittal package (regulation and state plan) by COB March 10 to ensure its publication in the April 1 Delaware Register of Regulations.

If your review of the draft regulation and plan has churned up any questions, please give me a call or send me an email, as we may be able to address them before the 10th.

Regards,

Jim Snead
